I was yours at the first moment...

Sure didn't expect it, so...

I felt your fingers in my back pocket

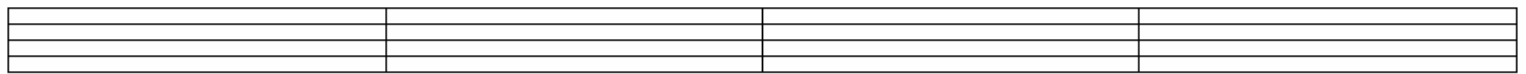

My excitement shot up like a rocket.

**You're my Back Pocket Baby,  
Searchin' round all the time.**

**You're my Back Pocket Baby,  
Search all you want.**

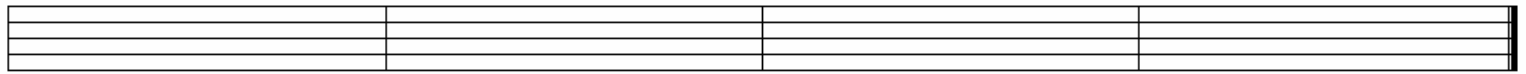

**Just say you'll be mine.**

Didn't know who it was... Didn't even know her name,,  
Really doesn't matter... Please, Just do it again and again...

Chorus

Baby, don't stop searchin'... Searching way deep down  
But, watch out, Back Pocket Baby, Next time I might spin around!
