Got home from the road last evening
 Played six tates in twenty-one days
 Was tired of driving was tired of singing
 Just wanting to see your smile So I
 Ran through that door like lightning
 Searched for you every where
 All I found was this note saying
 I'm leaving today Well
 I Don't know how I hurt you, babe
 What have I done
 Say you're leaving tomorrow
 Cause, tomorrow never comes
 (Say you'll love me today) Last chorus
 Tomorrow never comes

Your fingers touch her so gently, She wrote....
 Your hands they hold her so tight
 She sings such a sweet melody
 You love her more than me
 Cause it's not me you've been holding every night
 That guitar's your one and only.
 Can't share my love, with someone else...
 So I'm leaving today....

So I sat down and wrote you this message...
 And I'll sing it with all my heart
 Don't say you might love me again , tomorrow...
 Please, don't tear us apart.
 It's you I want to see every night...
 Sitting in the first row...
 Sparkling eyes fixed on mine.
 Your pretty face all a glow.
